Japp – här var det ös... Och att sitta ner på en bänk t.ex kostar 2 L\$ för 10 minuter...

I SL är det lätt att göra av med pengar – precis som "in real life"!

Några tips...

- F1 är hjälptangent
- Ctrl + R gör att din avatar springer
- Ctrl +Shift + H transporterar dig hem.
- Du kan alltid söka efter Help Island för hjälp.

Landmarks (Im)

För att komma ihåg en plats man är på och kunna återvända igen: Gå till menyn "world" - femte raden uppifrån heter "create landmark here", när man klickar där får man upp en liten "skylt", ett landmark. Det kan man stänga med krysset så hamnar det i "inventory" (längst ner till höger) och i foldern "landmarks". Därifrån kan man sedan högerklicka på sitt landmark och välja "teleport" så kommer man dit.

Instant messages

Skillnaden mellan Chat, Instant Messages och Grupp-Instant Messages är att chat hör bara de som står i närheten (ca 50 meter), i IM kan man prata med någon som är vart som helst i Second Life och bara den personen kan läsa det, och grupp-IM går ut till alla medlemmar i gruppen som är online.

Man kan även få personliga IMs även om man inte är inloggad.

Detta ställer man in i "preferences" - att man vill ha offline-IMs till sin e-post.

Mute

För att slippa höra andra (slippa se vad de skriver), om de är störande, högerklicka på dem och välj "mute" (kan stängas av igen genom att högerklicka på dem och välja "unmute").

Och slutligen:

 Om SL "kraschar" så måste ni starta om applikationen och logga in igen. Det kan ta lite tid innan programmet låter er komma in igen då det känner av att det inte avslutades på rätt sätt.

Enjoy!
